

FASCOR is a leading provider of Supply Chain Management Solutions in industries that include: Discreet Manufacturing, Wholesale Distribution, Catalog/Order Fulfillment, e-Commerce and more. Focused on providing outstanding value through our products and committed to serving our clients, we can truly say we are a **Trusted Solutions Partner to our Customers.**

Using our expertise in Supply Chain Solutions and built upon Microsoft technologies like Microsoft SQL Server, we have created products that help customers of all sizes.

**WMS** – our flagship warehouse management solution improves virtually every area of the warehouse, increases productivity, improves your bottom line and elevates the level of service to your customers.

**TMS** – our Transportation and Parcel Management solution reduce freight cost, enables advanced functionality with WMS and stream lines internal operations.

But don't take our word for it, talk to our customers and hear what they have to say!

## Bryan Equipment Sales

Located in Loveland, OH, Bryan Equipment has used FASCOR solutions for over 20 years enroute to becoming the largest distributor of STIHL outdoor power equipment in North America. With 80,000+ sq/ft of office & distribution space, Bryan Equipment sells and services a network of over 1000 clients across 6 states. Bryan Equipment uses FASCOR's paperless WMS & TMS software in Receiving, Putaway, Cycle Count, Item Replenishment, Order Picking and Packing through Outbound Shipping in a real-time environment leveraging today's RF technologies.

*"Having dealt with some of the biggest WMS vendors in the USA makes me appreciate the personal attention that is available working with FASCOR. The concern and response time to our problems is one of FASCOR's many strengths. We've had nearly no downtime in my 11 years of working with FASCOR. The accuracy of our inventory is improved since the installation of the FASCOR WMS, and the ease of use and training of new people to the system is a time-savings".*

Mr. Tim Herbert  
Distribution Manager  
Bryan Equipment Sales Loveland, Ohio

## Roland DGA

Roland is a worldwide leader in the sign, graphic arts, fine art, photography, engraving and 3D modeling industries. Roland utilizes FASCOR solutions to:

- Seamlessly integrate with Dynamics GP
- Automate Paper-based Operations
- Provide Real-time Inventory
- Automate Order Fulfillment
- Accurately Support Worldwide Dealers
- Manage fulfillment via 3PL partners

Roland distributes to and supports the United States, Canada, Mexico, the Caribbean and countries in Central and South America through an extensive dealer network.

*"After looking at over 25 of the top WMS providers we determined FASCOR's solutions and support were the best match for our needs. We are exceptionally pleased with the team and knowledge FASCOR brought to our organization".*

COO, Roland DGA

## Castellini Group

FASCOR's solutions serve many verticals including companies in food distribution. FASCOR provides answers for companies addressing today's food issues and requirements including Traceability and Recall.

The Castellini Group of companies is comprised of several businesses each with a specific focus in food distribution. And all of the them use FASCOR's WMS.

# TRUSTED SOLUTIONS for every company

FASCOR is committed to working with our clients to insure that our products truly fit their business through continuous improvement. We **listen** to ensure our products do what is needed. As we do this, we never lose sight of maintaining our commitment to developing products that are not "one offs", but rather solid, long term solutions, that do not require excessive investments of your time or resources to maintain and use. At FASCOR, we're looking for long-term opportunities to serve our clients.

Headquartered in Cincinnati, Ohio, FASCOR has been helping companies solve their warehousing and distribution challenges since 1982.

## Dynamics GP User?

Not only does FASCOR offer industry leading functionality for managing warehouses but for companies running Microsoft's Dynamics GP we offer the most robust integration available. Co-developed with Microsoft, FASCOR's WMS-GP integration eliminates risk, delivers unparalleled real time integration and allows our products to be deployed faster than most other options in the market. Let us show you what we can do and we know you will be impressed.

## CASTELLINI PRODUCE

One of the nation's oldest and largest wholesale produce distributors, Castellini provides a full line of produce inventory in the Midwest with over 2,500 SKUs and a comprehensive line of organic and specialty products. Castellini offers repackaging and other value added services.

## CROSSETT CO.

Crosset Company is a premier service wholesaler in the midwest providing over 500 supermarkets, direct-to store delivery of fresh fruits, vegetables, floral, organically grown products, as well as a full range of merchandising support, value added services, and training.

## CLUB CHEF

Club Chef has been Castellini Company's value added arm since 1978. Club Chef serves most all of the major customers in the food service sector processing a wide variety of fruits and vegetables seven days a week – 24 hours per day.

## RepairClinic.com

RepairClinic.com's customers are "do-it-yourselfers", commonly homeowners, located throughout the United States and Canada, who want to repair their own appliance, vacuum cleaner, lawnmower, small engine, string trimmer, etc. In addition to replacement parts, RepairClinic offers many other resources for the do-it-yourselfer via their web site, including training videos. RepairClinic stocks over 50,000 items and guarantees same day shipment of orders if placed by 8 p.m. EDT. With its industry leading integration module for Microsoft Dynamics GP, the FASCOR WMS and TMS have been the corner stones of RepairClinic's success.

According to Kim Messer, RepairClinic.com's Vice President of Distribution, FASCOR's solution set has afforded many benefits to Repair Clinic including the following.

**Fast shipping** – *"over and over again, customers are amazed when they place their order in the evening and we ship it the same day. We guarantee to ship orders placed by 8 p.m. the same day or your money back."*

**Accuracy** – *"if we tell a customer we have the item in stock, you can bet the item is on the shelf"*

**Constant improvement** – *"we continuously look for ways to improve our service and grow our business. FASCOR has been with us every step of the way."*
